

Fitchburg Pilots Association Scholarship

The Fitchburg Pilots Association (FPA) is a non-profit organization of pilots and other aviation enthusiasts promoting aviation in the Central Mass area. As part of this effort, the FPA has set up an aviation scholarship fund for the purpose of helping to offset the financial expenses of an aviation-related education. The anticipated award will be for up to 2 scholarships with values of \$1000 each, although the actual number of awards and the amount are subject change. One scholarship is the annual FPA scholarship, the other is the “Charles Schwartz Memorial Scholarship” to be awarded from funds donated in memory of Charles Schwartz, a well known and liked pilot from the Fitchburg Airport area. These scholarships must be used to help fund an education at any recognized college, university, or technical school in the aviation/aerospace field. The FPA will be accepting applications for this scholarship from students primarily from the north central Massachusetts area but deserving and qualified students from almost anywhere will be considered. Please submit the information requested below by the date indicated to be considered for these awards.
